## About IEEE Industrial Electronics Society (IES):

The Industrial Electronics Society through its members encompasses a diverse range of technical activities devoted to the application of electronics and electrical sciences for the enhancement of industrial and manufacturing processes. These technical activities address the latest developments in intelligent and computer control systems, robotics, factory communications and automation, flexible manufacturing, data acquisition and signal processing, vision systems, and power electronics. The Society continually updates its program of technical activities to meet the needs of modern industry.

## About Bhubaneswar:

Bhubaneswar, the capital of Odisha, is a vibrant city known for its rich history, cultural heritage, and rapid industrial growth. The “Temple City of India” boasts architectural marvels such as the Lingaraj Temple, Rajarani Temple, and Mukteshwar Temple. It is one of the antiquated urban communities situated in the eastern piece of India and is a flourishing focus of craftsmanship and culture. Beyond its spiritual essence, Bhubaneswar has emerged as a smart city and an educational hub.
